

AGREEMENT No. _____
for the Provision of Cellular Communication Services

Bishkek

“ ” 20

General Director of Sky Mobile LLC ("Sky Mobile") - O.V. Klochko

Sky Mobile Limited Liability Company ("Sky Mobile") (hereinafter referred to as the "Operator"), represented by -----, acting on the basis of -----, on the one part, and ----- (hereinafter referred to as the "Subscriber"), represented by -----, acting on the basis of -----, on the other part, hereinafter jointly referred to as the "Parties" and individually as a "Party", have entered into this Agreement (hereinafter referred to as the "Agreement") as follows:

1. General Provisions

1.1. This Agreement governs the relationship between the Operator and the Subscriber in connection with the provision of communication services by the Operator.

1.2. For the purposes of this Agreement, the following terms shall apply (in all other respects, the Parties shall be guided by the terms defined in the Rules for the Provision of Mobile Radiotelephone Communication Services approved by Resolution No. 97 of the Government of the Kyrgyz Republic dated 17 February 2014 (hereinafter referred to as the "Rules")):

"Subscriber Group" means a group of users (one or more) included in the Corporate Group but, at the Subscriber's request, allocated to a separate personal sub-account within the personal account, containing its own information on the Subscriber Group's debt, accruals and payments, and current balance of funds. A Subscriber Group forms an integral part of the Corporate Group;

"Subscriber of the Corporate Group/Subscriber Group" means the end recipient of communication services. A participant of the Corporate Group/Subscriber Group is not a party to this Agreement. Communication services rendered for each subscriber number shall be deemed rendered to the Subscriber itself;

"Automated Billing System (ABS)" means a system intended to record operations relating to payments received from the Subscriber for services, the volume of services received by the Subscriber, and their charging;

"Guarantee Deposit" means a monetary amount paid by the Subscriber under the credit settlement method to secure the Subscriber's obligations for services actually rendered to it;

"Corporate Group" means a group of users who are employees of the Subscriber and who will use communication services under the terms of the Agreement. The minimum number of users participating in a Corporate Group is one (1) subscriber;

"Personal Account" means the Subscriber's individual number under which it is registered in the Operator's ABS for mobile radiotelephone services and which is used to account for the volume of services rendered and the receipt and expenditure of funds paid under the Agreement for services;

"Operator" means Sky Mobile Limited Liability Company ("Sky Mobile"), carrying out telecommunications activities on the basis of the following licenses of the National Communications Agency of the Kyrgyz Republic: No. 06-479-KR dated 30 May 2006, No. 06-478-KR dated 30 May 2006, No. 06-480-KR dated 30 May 2006, No. 06-495-KR dated 4 August 2006, No. 07-623-KR dated 23 October 2007;

"Roaming" means a service provided to the Subscriber by a communications operator when moving from the coverage area of that operator to the coverage area of another communications operator, both within Kyrgyzstan and outside it;

"Tariff Plan" means a set of pricing terms on which the communications operator offers the use of one or more telephone communication services;

"Communication Service(s)" means the reception and transmission of messages by means of mobile radiotelephone communications. For the purposes of this Agreement, Communication Services also include mobile radiotelephone services and additional services provided over the mobile network, telematic communication services, data transmission services, service-related services, and information and reference services;

2. Procedure and Conditions for Entering into the Agreement and Activating Additional Services

2.1. The Agreement shall be concluded by signing the Agreement form by the Subscriber and the Operator or a person authorized by the Operator. The Operator may sign the Agreement using a facsimile reproduction of the signature.

2.2. The Operator may refuse to enter into the Agreement:

- if there is no technical capability to provide communication services to the Subscriber;
- if the documents required by the Rules are not provided.

2.3. Additional services and other services technologically inseparable from communication services and intended to increase their consumer value (hereinafter referred to as "Additional Services") shall be provided by the Operator or by third parties authorized to provide the relevant services and shall be paid for by the Subscriber in accordance with this Agreement, an agreement with the third party, the procedure for provision and payment of the relevant services, or the applicable Tariff Plan.

2.4. Information on Additional Services, including Roaming, shall be posted by the Operator or third parties as a public offer on the Operator's website at <http://www.beeline.kg> or on third-party websites, in mass media, or in advertising materials relating to such services. Information on Additional Services may also be communicated to the Subscriber as an invitation to make an offer.

2.5. Information posted on the Internet or in advertising shall specify the command (access code) for activation of the Additional Service. The Roaming service shall be activated/deactivated by the Operator on the basis of a written application of the Subscriber or its authorized representative and shall be automatically activated each time the Subscriber moves into the coverage area of another operator (roaming partner). Depending on the applicable settlement method and/or the number of subscribers in the Subscriber's Corporate Group, before activating Roaming the Operator may require the Subscriber to make a payment to the Personal Account in an amount determined by the Operator. Failure to comply with this requirement shall constitute grounds for refusal to activate Roaming.

2.6. By ordering an Additional Service using the relevant access code, the Subscriber agrees to the rules for provision and charging of Additional Services and expresses its consent to receive and pay for such services. The Subscriber also agrees that the Operator may restrict access to data transmission services when the Subscriber reaches the consumption threshold established by the Operator for that type of service.

2.7. Additional Services shall be paid for by the Subscriber in accordance with the selected settlement system, unless a different procedure is provided by the rules for provision of the relevant Additional Services.

2.8. Additional Services may be activated and the applicable Tariff Plan may be changed at the Subscriber's initiative by entering commands from the subscriber terminal. Under the credit settlement method, the Tariff Plan shall be changed on the basis of a written application or in accordance with a procedure agreed by the Parties. Switching to a Tariff Plan that is no longer on sale as of the date of switching shall not be permitted unless otherwise provided by the terms of that Tariff Plan.

2.9. A number allocated to the Subscriber is not the Subscriber's property, and the Subscriber has no exclusive rights to use such number. The Subscriber may change the number by submitting a written application to the Operator or remotely, provided there is a corresponding additional agreement establishing the procedure for remote number replacement.

2.10. The Subscriber may at any time increase the number of numbers used under the Agreement, except where there is an outstanding debt in respect of previously used numbers. Newly activated subscriber numbers shall be subject to the terms of the Tariff Plan specified in the Agreement unless the Subscriber specifies a different Tariff Plan.

3. Obligations and Rights of the Parties

3.1. The Operator shall:

3.1.1. Provide the Subscriber with those Communication Services for which the Operator has been issued a license.

3.1.2. Provide necessary and reliable information on the rules for provision of services, the Operator's current tariffs, descriptions of all Operator services, and other information necessary for the Subscriber to conclude and perform the Agreement.

3.1.3. Allocate to the Subscriber, for use during the period of service provision, a subscriber number (numbers).

3.1.4. Issue invoices to the Subscriber for services rendered in accordance with the selected Tariff Plan and the list and volume of services ordered by the Subscriber, based on ABS data, using the details specified by the Subscriber in the Agreement.

3.1.5. Within 7 business days after the end of the billing period, the Operator shall send the Subscriber an invoice if invoice delivery is provided for by the Tariff Plan selected by the Subscriber and has been ordered by the Subscriber. If the Subscriber does not order invoice delivery (specifies the Operator's office as the delivery address), the Subscriber may review and obtain the invoice at the Operator's offices after 10 business days following the end of the billing period.

3.1.6. Eliminate, within the established time limits, technical faults preventing use of Communication Services.

3.1.7. Perform the obligations provided for by this Agreement and the Rules.

3.2. The Operator shall have the right to:

3.2.1. Amend the tariff for Communication Services used by the Subscriber, amend bundled Tariff Plans, and discontinue individual paid Communication Services by sending SMS messages, posting the relevant information on the Operator's website at <http://www.beeline.kg>, or publishing it in the mass media. The Operator shall notify the Subscriber of the above changes at least ten (10) calendar days before such changes become effective. If, within ten (10) days from the date on which the Subscriber receives such message or the relevant information/publication is posted, the Subscriber does not exercise the rights provided for in clause 6.3 of the Agreement, this shall constitute the Subscriber's consent to the changes.

3.2.2. Suspend provision of services if the Operator has information that the Subscriber has outstanding debt for Communication Services under this or other agreements and in other cases provided by the Agreement and/or regulatory legal acts, in the manner established by the Rules. The Operator may also suspend services if the Subscriber violates the terms of the Agreement. Services shall be resumed at the Operator's tariffs after the violations have been fully remedied.

3.2.3. If the Subscriber has several subscriber numbers, at any time debit funds without acceptance from one Personal Account of the Subscriber toward payment of the Subscriber's debt arising on another Personal Account.

3.2.4. If the Subscriber has one or more Subscriber Groups, at any time debit funds without acceptance from the Subscriber's Personal Account toward payment of debt arising in a particular Subscriber Group within the Corporate Group, and vice versa, use funds of a Subscriber Group to repay debt arising on the Subscriber's Personal Account.

3.2.5. Establish limitations (threshold values) in the course of providing data transmission services depending on the volume, time, and quantity of services consumed by the Subscriber.

3.2.6. If the Agreement terminates, apply the Guarantee Deposit toward repayment of the Subscriber's outstanding obligations under the Agreement.

3.2.7. If the Agreement is concluded for several subscriber numbers, withdraw, without terminating the Agreement, any subscriber number not used for more than 180 (one hundred eighty) calendar days, or used with unpaid debt outstanding for more than 90 (ninety) calendar days, after notifying the Subscriber in the manner provided in clause 3.2.1 of the Agreement.

3.2.8. Suspend and/or restrict services to the Subscriber in the following cases:

- use by the Subscriber of special equipment or technical means that lead to excessive and/or unusual traffic consumption (for example, GSM gateways);

- repeated excessive calling by the Subscriber to numbers of another operator, causing or capable of causing financial damage to the Operator.

3.2.9. Exercise other rights provided for by the Rules.

3.3. The Subscriber shall:

3.3.1. Use only certified subscriber equipment in accordance with the applicable operating instructions and subject to special orders and rules in force in specific areas (airport, aircraft, etc.), as well as restrictions where interference or a hazardous situation may arise (medical institutions, service stations, fuel storage and transfer areas, blasting sites, etc.).

3.3.2. Pay in full and within the time limits established by the Agreement for the Communication Services rendered.

3.3.3. Pay and replenish the Guarantee Deposit in the cases and according to the procedure provided for by the Agreement or the Rules.

3.3.4. Provide the Operator with the documents required for entering into this Agreement. The list of required documents shall be determined by the Rules.

3.3.5. Provide the Operator with accurate bank details, actual location and legal address or registration address, as well as other information used for the purposes of the Agreement. Notify the Operator in writing of changes to the Subscriber's actual details within seven 10 (ten) business days from the date of such changes.

3.3.6. Immediately notify the Operator in writing of loss of the SIM card and/or subscriber terminal.

3.3.7. Comply with the rules for use of telematic services and data transmission services published on the Operator's website at <http://www.beeline.kg> and accept all amendments and/or additions made to such document.

3.4. The Subscriber shall have the right to:

3.4.1. Use the Operator's mobile network to conduct radiotelephone conversations and to transmit information by technical means in accordance with the provisions of the Agreement.

3.4.2. Require necessary and reliable information about the Operator, its operating hours, and the range of services provided by the Operator.

3.4.3. Review the Rules and the list of Tariff Plans and services both upon conclusion of the Agreement and during its performance.

3.4.4. Take other actions provided for by the Rules.

4. Prices (Tariffs) for Services Provided by the Operator

4.1. Tariffs for all types of services provided to the Subscriber shall be determined by the Operator independently and reflected in the Tariff Plans. The list of Tariff Plans and the set of Additional Services are available on the Operator's website at <http://www.beeline.kg> or in the relevant advertising and informational materials. Tariffs are established taking into account possible interruptions in the Operator's network.

4.2. Communication Services provided to the Subscriber under this Agreement shall be charged in accordance with the Tariff Plan selected by the Subscriber.

5. Settlement with the Subscriber for Communication Services Rendered

5.1. The Operator shall settle accounts with the Subscriber for services rendered. The Operator may engage third parties to carry out settlements.

5.2. Settlement for Communication Services shall be made:

- by deferred payment (credit/postpaid settlement method);
- by advance payment (advance/prepaid settlement method).

5.3. Credit settlement method.

5.3.1. Upon conclusion of the Agreement, SIM cards shall be provided to the Subscriber and an invoice shall be issued for payment of the Guarantee Deposit and other payments in accordance with the Tariff Plan selected by the Subscriber at the Operator's current prices. The Subscriber shall pay such invoice within five (5) business days after it is issued. The Operator may withhold services until the invoice is paid. The amount of the Guarantee Deposit depends on the selected list and volume of services (Tariff Plan). No interest shall accrue on the Guarantee Deposit. The list of subscriber numbers is specified in Appendix No. 2 to the Agreement.

5.3.2. At the Subscriber's request, subscriber numbers within its Corporate Group may be allocated to Subscriber Groups. By agreement of the Parties, Subscriber Groups using the advance settlement method may be formed even where the Subscriber has selected the credit settlement method for the Corporate Group. In such case, the provisions of this Agreement concerning the advance settlement method shall apply to the relevant Subscriber Group.

5.3.3. For the services provided (except Roaming), the Operator shall issue monthly invoices to the Subscriber within 7 (seven) business days after the end of the billing period in accordance with clauses 3.1.4 and 3.1.5 of the Agreement. Each invoice shall be paid by the Subscriber no later than the last day of the month following the billing period. Since the Operator's roaming partners participate in the provision of Roaming services, invoices for this service shall be issued as information on services rendered is received by the ABS, but no later than 90 (ninety) calendar days after the date the service was rendered.

5.3.4. Failure to receive an invoice or refusal by the Subscriber to receive an invoice shall not release the Subscriber from the obligation to pay for Communication Services on time.

5.3.5. Payment shall be made in the national currency of the Kyrgyz Republic - soms. The payment date shall be the date funds are credited to the Operator's settlement account or the date funds are paid into the Operator's cash desk or the cash desk of a person authorized by the Operator.

5.3.6. If the Subscriber violates the deadline for payment of invoices for services rendered provided for in clause 5.3.3 of the Agreement, the Subscriber shall, at the Operator's request, pay a penalty of zero point two percent (0.2%) of the amount of the outstanding obligations for each day of delay.

5.3.7. The Operator has the right to change the amount of Guarantee Deposits if the cost of services provided exceeds the amount of the Guarantee Deposit paid, and also depending on the volume and cost of Communication Services used by the Subscriber, after notifying the Subscriber thereof.

If the Subscriber refuses to pay an additional amount to increase the Guarantee Deposit, the Operator may proportionately limit the volume of services provided to the Subscriber or reduce the credit limit.

If the Subscriber exceeds the credit limit, the Subscriber shall make an interim payment in the amount of services rendered. The Operator may restrict or suspend services until the Subscriber makes the payment or pays the invoice.

5.3.8. If the Subscriber fails to pay the invoices referred to in clause 5.3.3 of this Agreement within sixty (60) days from the date of issue, the Operator may take the measures provided by the legislation of the Kyrgyz Republic to recover from the Subscriber the amount of outstanding obligations, penalties, and losses. At the same time, failure by the Subscriber to pay invoices after ninety (90) days from the date of issue shall constitute the Subscriber's proposal to terminate this Agreement, and in such case the Agreement shall be deemed terminated by mutual agreement of the Parties. The Parties shall not send any additional notices to each other.

5.3.9. The Operator may establish a credit limit (ceiling) for the Subscriber's Personal Account, upon reaching which the Operator may restrict or suspend services and/or issue an extraordinary invoice for services actually rendered, which shall be paid within the period specified in the invoice.

5.3.10. An extraordinary invoice shall be issued for a period shorter than the billing period.

5.3.11. If funds sufficient to pay for services rendered are not received on time in the Operator's account or the cash desk of the authorized person, the Operator may limit the volume of services provided or completely suspend services until the relevant funds are received in the Operator's account or at the cash desk of the authorized person.

5.4. Advance settlement method

5.4.1. Upon conclusion of the Agreement, SIM cards shall be provided to the Subscriber. The Subscriber shall pay the first advance payment in the amount determined by the selected Tariff Plan. The Operator may withhold services until the relevant amounts are received in the Operator's account or at the cash desk of the authorized person.

5.4.2. The amount paid into the Subscriber's Personal Account shall form a positive balance. The minimum advance amount shall be determined by the Operator depending on the Tariff Plan. The Subscriber shall pay for services specifying the Subscriber's Personal Account and/or the relevant subscriber numbers.

5.4.3. Advance payments made to the Subscriber's Personal Account shall be used to pay for services as they are consumed by the Subscriber. The amount of advance payments shall be determined by the Subscriber based on the expected volume of consumption of the ordered services and the selected Tariff Plan.

5.4.4. If the Subscriber has not used the SIM card for more than 90 (ninety) calendar days, the Operator shall charge a fee from the remaining amount (if such amount is not equal to 0 som) for retaining the number for the Subscriber in the amount and manner provided by the Tariff Plan. The fee shall cease to be charged when the balance on the Personal Account reaches 0 (zero) som, or from the time use of services is resumed (any call, including data transmission).

5.4.5. For the purpose of securing performance by the Subscriber of its obligations under the Agreement, the communications operator may establish a minimum positive balance on the Subscriber's Personal Account depending on the list and volume of services and the Tariff Plan selected by the Subscriber.

6. Procedure and Conditions for Suspension, Amendment, and Termination of the Agreement

6.1. The Operator shall send the Subscriber a written notice of its intention to suspend services or an SMS message indicating the date of suspension of Communication Services in the following cases:

- receipt from the Subscriber of an oral application (if the code word is stated) or submission of a written application, within 24 (twenty-four) hours from the oral request if the Subscriber did not state the code word, concerning damage (destruction) or loss (theft) of its subscriber terminal and/or SIM card;

- violation by the Subscriber of the terms of the Agreement or the Rules, including payment deadlines for services rendered to the Subscriber.

6.2. The Operator may suspend services in the cases provided for by this Agreement, the Rules, and the legislation of the Kyrgyz Republic.

6.3. The Subscriber may terminate the Agreement unilaterally (unilateral refusal to perform the Agreement) by giving the Operator at least five (5) days' prior written notice before the proposed termination date and settling all accounts with the Operator within three (3) days after notifying the Operator of its intention to terminate the Agreement. The Subscriber shall reimburse the Operator for all expenses incurred by the Operator no later than the date of termination.

6.4. The following shall constitute unilateral refusal by the Subscriber to perform the Agreement:

- failure, within the period specified in the Subscriber's Tariff Plan, to credit to the Subscriber's Personal Account an amount sufficient to reach the required positive balance after suspension of services in accordance with the settlement terms;

- failure by the Subscriber to use paid services during the period specified in the Agreement and/or the Subscriber's Tariff Plan.

6.5. If there are no calls from the SIM card for 180 (one hundred eighty) calendar days or there is unpaid debt outstanding for more than 90 (ninety) calendar days, the Agreement shall be deemed terminated. The amount of funds remaining in the Subscriber's Personal Account, after the Subscriber fulfills its obligations to pay for services received, representing the difference between the amount paid under the Agreement and the cost of services received as of the termination date, shall be refunded to the Subscriber in the manner and within the time limits provided by the Rules. Under no circumstances shall promotional funds credited by the Operator to the Subscriber's Personal Account (bonuses, points, prizes, etc.), or amounts credited to the Personal Account as a result of unlawful actions by the Subscriber, be refundable.

6.6. This Agreement shall terminate in the cases provided for by the Rules.

6.7. From the moment the Subscriber refuses to perform the Agreement or the Agreement is terminated on other grounds, the obligations of the Parties shall be deemed terminated, except for the Subscriber's obligations relating to payment for services received but unpaid as of the date of termination.

7. Liability of the Parties

7.1. The Operator shall be liable to the Subscriber for non-performance or improper performance of contractual obligations, accuracy of information about services, and in other cases provided for by the Rules.

7.2. The Operator shall not be liable for possible deterioration or interruption of network operation related to the use of a damaged or defective subscriber terminal, or terminal equipment lacking a certificate of compliance with safety requirements where such certificate is required by the legislation of the Kyrgyz Republic, or subscriber equipment that has been altered or modified without the manufacturer's approval. The Operator shall not be liable for the quality of Additional Services and other services provided by third parties that are technologically inseparable from Communication Services.

7.3. The Operator shall not be liable for the unavailability of individual nodes or resources of the global Internet administered by third parties. Such unavailability shall not constitute communication interruptions or faults.

7.4. The Subscriber shall be liable to the communications operator in the following cases:

- non-payment, incomplete payment, or late payment for Communication Services;
- failure to comply with the rules for operation of the subscriber terminal;
- failure to comply with the prohibition against connecting to the mobile network a subscriber terminal that does not meet the established requirements;
- use of Communication Services to conduct lotteries, voting, contests, quizzes, advertising, surveys, bulk messaging, installation of gateways (or devices) for access to fixed networks and Internet telephony, and other activities not provided for by the Agreement, without the Operator's written consent.

7.5. The Subscriber shall be liable for the inaccuracy of information provided concerning the fact of possession and use of a telephone number registered in the Subscriber's name under this Agreement. If claims or demands are received from the actual user, the Operator may unilaterally terminate this Agreement and withdraw the subscriber number.

7.6. The Subscriber guarantees protection of the subscriber terminal from viruses (including computer viruses) and other programs infecting software and the operating system (hereinafter collectively referred to as a "mobile virus"). The Subscriber undertakes to take all measures to protect its equipment from mobile viruses by installing special programs in the terminal software, including antivirus programs. If, as a result of a mobile virus, the subscriber terminal initiates Communication Services without the Subscriber's intention, liability for payment for the relevant services shall rest with the Subscriber. The Subscriber unconditionally agrees that ABS data and other Operator data confirming the operation of a mobile virus shall constitute proper evidence.

8. Other Special Terms

8.1. Relations between the Operator and the Subscriber arising in connection with the provision of Communication Services in the territory of the Kyrgyz Republic shall be conducted in the state and/or Russian languages, including the exchange of short text messages. The Subscriber confirms that its terminal equipment complies with this requirement and shall not make claims against the Operator due to failure to receive information caused by use of a subscriber terminal that does not support message exchange in the state and/or Russian language, including where messages in those languages are transmitted using the Latin alphabet.

8.2. The Subscriber shall be given the opportunity to receive subscriber correspondence via telephone and electronic communication channels. By providing an email address or fax number, the Subscriber confirms its consent to transmission of correspondence through open communication channels (Internet, fax).

8.3. Due to the natural characteristics of radio-wave propagation, radiotelephone communication provided by the Operator may deteriorate, be interrupted, or be subject to interference near buildings, in tunnels, basements and other underground structures, due to local terrain and development characteristics, metrological conditions, and other reasons. The quality of Communication Services provided by the Operator may also depend on the subscriber terminal used.

8.4. Due to the design characteristics of the network, mobile radiotelephone communication provided to the Subscriber depends on the quality of equipment of operators of local (fixed) telephone lines and equipment of international and long-distance communications, which are outside the Operator's control.

8.5. By signing this Agreement, the Subscriber decides to provide its personal data and gives the Operator its consent to process such data freely, voluntarily, and in its own interest for the following purposes of personal data processing:

- to provide access to Communication Services provided by the Operator; to provide access to Communication Services provided by other communications operators and to provide information necessary for such services; to use information about the Subscriber in the information and reference service system; to transfer data to legal entities that, in accordance with the legislation of the Kyrgyz Republic, form, process, store, and provide information on performance by a debtor of contractual obligations assumed by it.

8.5.1. List of personal data for the processing of which the Subscriber gives consent:

- surname; first name; patronymic; date of birth; address; passport details: a) type of document; b) series and number of the document; c) document issuing authority: - name; - code; d) date of issue of the document; contact telephone number.

8.5.2. List of actions involving personal data to which the Subscriber consents, and a general description of the methods used by the Operator to process personal data:

- the above personal data shall be processed by mixed processing of personal data (collection, systematization, accumulation, storage, clarification (updating, modification of use, dissemination), including transfer), depersonalization, blocking, and destruction of personal data.

8.5.3. Period during which the Subscriber's (personal data subject's) consent is valid, and the method of its withdrawal, unless otherwise provided by law:

- this consent shall remain valid during the term of the Agreement for provision of Cellular Communication Services and for 3 (three) years after its termination.

- in accordance with the procedure established by applicable law, consent may be withdrawn by the personal data subject by written request to the Operator receiving the personal data subject's consent.

- the Subscriber agrees that, upon its written request, notice of destruction of personal data shall be delivered to the Subscriber (or its representative) at the Operator's office.

8.6. By signing this Agreement, the Subscriber decides and gives its consent to the Operator to receive from the Operator short text messages containing advertising information about the Company, its tariffs and services; to receive advertising information distributed over the network by third parties on a contractual basis with the Operator; messages from state authorities of the Kyrgyz Republic; and messages concerning natural and man-made emergencies.

8.6.1. The Subscriber has been informed that it may at any time opt out of the messages specified above by submitting a written application to the Operator's sales and service offices. Removal from the mailing list shall be completed within 5 (five) business days from receipt of the written refusal. The Subscriber understands that opting out of the Operator's mailings may result in inability to receive short text messages in general, except for the above-mentioned messages from state authorities.

8.7. "Anti-Corruption Clause" - the Parties voluntarily agree and warrant that no monetary funds or valuables shall be paid or offered, directly or indirectly, to any persons in order to influence the actions or decisions of such persons for the purpose of obtaining any unlawful advantages or achieving other unlawful purposes through their affiliates, employees, or intermediaries in the performance of obligations under the Agreement. In performing their obligations under the Agreement, the Parties, their affiliates, employees, or intermediaries shall not take any actions classified under the legislation of the Kyrgyz Republic/applicable law governing the Agreement as giving/receiving a bribe or commercial bribery, or actions violating the requirements of the legislation of the Kyrgyz Republic/applicable law and international acts on combating legalization (laundering) of proceeds of crime."

9. Final Provisions

9.1. By signing this Agreement, the Subscriber confirms that it is aware of the Rules for the Provision of Mobile Radiotelephone Communication Services in force as of the date of conclusion of this Agreement, has reviewed them, and understands that the Agreement has been drafted on the basis of the Rules, which are mandatory for governing the relations of the Parties under the Agreement.

9.2. All disputes and disagreements relating to the provision of services shall be resolved by the Parties in accordance with the applicable legislation of the Kyrgyz Republic, the terms of this Agreement, and the Rules. Disagreements in respect of which the Parties fail to reach agreement shall be considered by the courts of the Kyrgyz Republic at the location of the Operator's executive management body (Bishkek, 121 Chuy Avenue).

9.3. This Agreement shall enter into force on the date of its signing by the Parties and shall remain in force for the period specified in the Agreement. If the Parties have not specified a term, the Agreement shall remain in force indefinitely.

9.4. The Agreement is executed in two counterparts in the Russian language, one for each Party. All counterparts are identical and have equal legal force.
